Finding God's Rest

I Chronicles 15:15

And the Levites carried the ark of God with the poles on their shoulders, as Moses had commanded in accordance with the word of the LORD.

Near the beginning of 2006, Chinese officials from the Public Security Bureau burst into a Sunday school room at a local church. They found 30 children inside and herded them into a van. Despite the scary situation, one child started to sing. In a few moments, the van was filled with song.

Upon arrival at the police station, the children marched bravely into the interrogation room, still singing to the Lord. The Chinese officers attempted to force the children to write, "I do not believe in Jesus," telling them they had to write it 100 times before they would be released. Instead of obeying, the children wrote: "I believe in Jesus today. I will believe in Jesus tomorrow. I will believe in Jesus forever!"

Exasperated, the officials called the children's parents, some of whom did deny Christ. However, one widowed believer absolutely refused to deny Jesus when she came to pick up her twin sons. The officers threatened her, saying, "If you do not deny Jesus, we will not release your sons."

The widow replied, "Well, I guess you will just have to keep them, because without Jesus, there would be no way for me to take care of them!"

With no avenues left open to them, the officials said, "Take your sons and go!"

For those who remember, we are sad to let you know that long-time member of the old Covina church and WCH, Henry Doll, has passed away. A memorial service was held on May 27, 2015.

Health Nugget

The One-Rule Diet Wouldn't it be nice if there were one simple rule to help you shed weight? University of Massachusetts Medical School researchers think there is: Eat more fiber. In a yearlong study, published in the *Annals of Internal Medicine*, overweight adults who were told to eat more fiber lost nearly as much weight as those who were instructed to follow a more complex diet. The fiber group also did equally well at lowering their blood pressure and controlling their insulin levels, which is important for warding off diabetes. —Candy Sagon and Elizabeth Agnvall
