## THEME OF WORSHIP

Have you ever stopped and asked yourself: "Why am I here at church today, and how did I get to the point in my life that brings me here?"

The journey to Christ can ONLY come through allowing the Holy Spirit to work with you, and through you. This process is ongoing, and takes a different amount of time for everyone.

But make no mistake, our Heavenly Father knows exactly why you are here today, and how you came to be here, even if you don't.

He has plans for you, and in that comes excitement, and great comfort.

"For I know the **PLANS**  
I have for you"  
declares the **LORD**  
"plans to **PROSPER** you  
and not to harm you,  
plans to give you  
**HOPE** and a  
**FUTURE.**"  
Jeremiah 29:11

### Health Nugget

#### Ask Marilyn

By Marilyn vos Savant

**When one family member after another gets a cold or flu, and then the first one gets sick again, you often hear people say that the family keeps "passing it around." Does this really happen?** Lori D., Lakeland, Fla.

No. A normal immune system can quickly whip up the appropriate antibodies to a virus it has defeated in the past, so reinfection with the same virus is extremely unlikely. And if you're wondering whether a virus can change enough from one family member to another that it could be caught a second time, that answer is no, too. Viruses (though they are wildly varied and defy much generalization) can and do evolve, which is why we need a flu vaccination every year. But they don't change that much, that fast, or our immune systems would be useless. Everybody would be sick all the time!
