Theme of Worship

"Take a leap of faith and begin this wondrous new year by believing. Believe in yourself. And believe that there is a loving Source- a Sower of Dreams- Just waiting to be asked to help you make your dreams come true." -Sarah Ban Breathnach

-DREAM SOWER (on front of bulletin)

Another New Year is here! But will anything change? Can anything change?! If we believe that there is a God who grants us new blessings every morning, then we must believe that this loving Source is sowing dreams into our lives!

Can you do it? Well, here is the beauty of our new year! We are bringing ourselves into it. And while at first this may seem a little discouraging, just think about all of the things you have been through already to get you here to this New Year. Some of you have endured homelessness; others, loneliness. Some of you suffered hunger and others being torn asunder. Some of you have had to battle through divorce, death, illness, and failure! But that doesn't make you a FAILURE! It makes you MORE PREPARED to TAKE ON THE NEW YEAR!! All you need is a fresh new dream and an invitation for the Dream Sower to shake you up!

Jeremiah shares:

"But blessed is the one who trusts in the Lord, whose confidence is in him. They will be like a tree planted by the water that sends out its roots by the stream. It does not fear when heat comes; its leaves are always green. It has no worries in a year of drought and never fails to bear fruit." -Jeremiah (17:7-8)

My prayer for you this NEW YEAR is that you recognize just how boundless God's stream of blessings and dreams are! That, if in deed, Jeremiah is right about what it means to be planted in Jesus, then you have NOTHING TO FEAR in 2016 except for your own inability to SEE GOD'S DREAMS FOR YOUR LIFE! SO STRETCH OUT and GO FOR IT! 2016 is here and GOD is already ON THE MOVE on your behalf!

May you catch a dream from the DREAM SOWER in 2017!!

15 Health Tips for the New Year

Tip # 1

Wear a pedometer. New research suggests that routinely wearing a pedometer encourages people to walk about an extra mile each day, lose weight, and lower their blood pressure. Aim for at least 30 minutes of brisk walking and a total of 10,000 steps per day.

-Dr. JoAnn Manson, chief of the division of preventive medicine at Brigham and Women's Hospital and professor of Medicine at Harvard Medical School
